

To whom it may concern,

We are writing this letter of recommendation for AMARAL & CIA CONSULTING to be your next Business Consultant. For some years, we have worked with Mr. Cristiano Amaral as our consultant in Brazil, dealing with all sort of issues from Anvisa products registration to Custom clearance. Mr. Amaral was our only link to his organization and he was nothing but professional and respectful of his organization.

AMARAL & CIA's advice has allowed our organization to expand our business in Brazil. His eye for detail has helped us to implement changes and to improve our business relationship with some Customers. In many aspects, we are happy with his consulting.

Mr.Amaral is dedicated to his Customers and has spent many long hours and input a lot of his efforts in helping us to work out the details of complex business plans to success.

I am confident that Mr.Amaral's other Clients would speak just as highly of him as I do. If you require any more information, please feel free to contact me at +90 232 472 27 78 / 79 or email me @ serdaromurgoren@sayan.com.tr.
